Newport-Mesa Unified School District and the Harbor Council PTA cordially invites all sophomores, juniors, seniors and their parents to attend College Night 2011. Over 120 colleges and universities from California and across the United States will have representatives available to meet with students and answer questions. Representatives from many certificate programs, such as computer programming, graphic design, cosmetology, culinary schools and fashion design, will also be available to describe their programs and answer questions. We hope your family can attend this event!

On Wednesday, October 12, 2011, we encourage all Newport-Mesa employees to wear their favorite college or university spirit attire for the day. Show our students your support and join the effort!
