TeWinkle would like to thank the TeWinkle Middle School students, parents, staff and other volunteers for their participation in the spring cleaning day. The back courtyard looks beautiful! Everyone got up early on Saturday morning, arrived at 6:30 am to unload a truck load of greenery for planting. Once the plots were organized, everyone started digging, planting, and even axing some old roots! After 5 1/2 hours of hard laborious work, the troops were able to plant the most gorgeous plants. With the leadership of all who helped, we showed real school spirit and Trojan Charge!
