“Your Voice, Your Child, Your School”

You’re Invited to Participate!

Calling all parents of elementary students

To share your 2014-15 experience with your child’s school in a short, approximately 10 minute, voluntary climate survey.

Each year, we ask for your feedback about the experiences you and your child(ren) have had with the academics and operations at our schools.

Your feedback is important to us as we strive to provide the best environment for the students of NMUSD. The results from this survey will be used to ensure we are providing the best learning environment for your children as we encourage them to be lifelong learners.

Your feedback as parents is much appreciated as we review the 2014-15 school year and plan for 2015-16. If you have children attending more than one elementary school, you may take the survey again to rate the other school(s).

Please be assured that your response is completely anonymous.
