PUPIL RECORDS

RIGHTS OF PARENTS/GUARDIANS (EC §49063 et seq.):

- Types of Pupil Records: A pupil record is any item of information directly related to an identifiable pupil, other than directory information, which is maintained by the District or required to be maintained by a District employee in the performance of his/her duties, whether recorded by handwriting, print, tapes, film, microfilm or other means. Pupil records include a pupil’s health record.
• **Responsible Officials.** Your child’s Principal is responsible for the maintenance of pupil records located at your child’s school. For pupil records maintained at the District office, the responsible official is the Custodian of Records, Dr. Phil D’Agostino.

• **Location of Log/Record:** The law requires that a log or record be maintained for each pupil’s record which lists all persons, agencies, or organizations requesting or receiving information from the record and the legitimate interests therefor. For records maintained at your child’s school, the log is located in the Principal’s office. For records maintained at the District office, the log is located in the Office of Student and Community Services, Student Records.

• **School Officials and Employees/Legitimate Educational Interests:** School officials and employees who are authorized to review pupil records are school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, certificated employee, or support staff member (including, but not limited to, paraeducator, health or medical staff and school law enforcement personnel); a person serving on the school board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, educational consultant or therapist); an agency caseworker of a state or local child welfare agency that has legal responsibility for the care and protection of a pupil, other public agencies providing services to pupils, as well as employees of other public schools or school systems where educational programs leading to high school graduation are provided or where a District pupil intends to or is directed to enroll; a minor’s counsel of record. Access to pupil records is permitted only for records that are relevant to the legitimate educational interests of the requester. Upon request, the District discloses educational records without consent to officials of another school district in which the pupil seeks or intends to enroll. Legitimate educational interests are described in California Education Code section 49076 and in District Board Policy 5125 and Administrative Regulations 5125 and 5125.1.

• **Right of Access and Review/Expungement:** You have an absolute right to access to any and all pupil records related to your child, which are maintained by the District. A homeless child or youth or an unaccompanied youth who is 14 years of age or older may access his/her pupil records. If you wish to review records located at your child’s school, please contact the Principal’s office, or submit a written request that identifies the record(s) you wish to inspect. If you wish to review records located at the District office, please contact the Director of Student Services, Dr. Phil D’Agostino. The Principal or District office has five (5) business days from the day of the receipt of a request to provide access to the records. Upon satisfactory completion of the rehabilitation assignment of a pupil whose expulsion has been suspended by the Board of Education, the Board may order the expungement of any or all records of the expulsion proceedings. If the Orange County Board of Education enters an order reversing the decision of the Board of Education to expel a pupil, the County Board may direct the Board of Education to expunge the record of the pupil and records of the District of any references to the expulsion action. When you submit a written revocation of consent after the initial provision of special education and related services for your child, the District is not required to amend the education records of your child to remove any reference to your child’s receipt of special education and services.

• **Challenging the Content of Records:** You have the right to challenge the content of any pupil record by filing a written request with the District Superintendent to correct
or remove any information recorded in the written records concerning your child which you allege to be any of the following: (1) inaccurate, (2) an unsubstantiated personal conclusion or inference, (3) a conclusion or inference outside the observer’s area of competence, (4) not based on the personal observation of a named person with the time and place of the observation noted, (5) misleading, or (6) in violation of the privacy or other rights of the pupil.

• **Copying Costs**: The Newport Mesa Unified School District does not charge for copying costs related to obtaining copies of your child’s pupil records.

• **Transfer of Records**: The District is required to transfer a copy of your child’s permanent pupil records within 10 schooldays to the school your child intends to enroll.

• **Complaints**: You have the right to file a complaint with the United States Department of Education, concerning an alleged failure by the District to comply with the provisions of the United States Family Educational Rights and Privacy Act (20 USC §1232g).

• **Prospectus of School Curriculum**: The curriculum for your child’s school is compiled at least once annually in a prospectus which is available at the Principal’s office.

• **Statement or Response to Disciplinary Actions**: Whenever information is included in a pupil record concerning any disciplinary action taken in connection with your child, you have the right to include a written statement or response concerning the disciplinary action in your child’s pupil record.

• **Destruction of Pupil Records**: The Governing Board of the District is required to retain indefinitely the original or an exact copy of mandatory permanent pupil records (Class 1 - Permanent Records) which schools have been directed to compile by California regulations; maintain for stipulated periods of time mandatory interim pupil records (Class 2 - Optional Records) until the information is no longer needed to provide educational services to a child and are retained until reclassified as Class 3 - Disposable Records, and then destroyed as per California regulations (5 CCR 432). Prior to destroying pupil records of a child who has received special education services, the IDEA requires parental notification when the District determines that personally identifiable information is no longer needed to provide educational services to a child. Once parents/guardians have been notified that personally identifiable information is no longer needed, they have the option of requesting access to and/or copies of pupil records prior to destruction, and to request that pupil records be destroyed, unless the District determines that the information could be needed to provide educational services in the future or is needed for auditing purposes (34 CFR 300.624, 5 CCR 16026). Unless classified as permanent records, all other pupil records are destroyed five years after the information is no longer needed to provide educational services (5 CCR 16027).

**RELEASE OF DIRECTORY INFORMATION** (EC §49073): The District has designated the following items as “Directory Information”: Student name, address, telephone number, email address, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of athletic team members, states of attendance, degrees awarded and received, most recent previous school attended (AR 5125.1). Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent/guardian's
prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require districts receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with students’ names, addresses, and telephone listings, unless parents/guardians have advised the district that they do not want their child's information disclosed without their prior written consent (AR 5125.1). Directory information may also be disclosed to outside organizations without your prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks; a playbill, showing your pupil’s role in a drama production; Honor roll or other recognition lists; graduation programs and sports activity sheets. However, no information may be released to a private profit making entity other than employers, prospective employers and representatives of the news media, including, but not limited to, newspapers, magazines, and radio and television stations. The names and addresses of pupils enrolled in grade 12 or who have terminated enrollment prior to graduation may be provided to a private school or college. No directory information regarding your child may be released if you notify the District that the information shall not be released. Please submit a written notice to the Principal of your child’s school if you wish to deny access to directory information concerning your child. Release of directory information of a homeless child or youth is prohibited unless a parent or eligible pupil has given written consent that such information may be released.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (“FERPA” 20 USC §1232g): United States law set forth in FERPA grants parents certain rights with respect to their student’s records. Please refer to Attachment #3.

RELEASE OF INFORMATION TO MILITARY RECRUITERS (20 USC §7908): United States law requires school districts to provide, on a request made by military recruiters or an institution of higher education, access to secondary school students’ names, addresses and telephone listings. However, you have the right to request that your child’s name, address, and telephone listing shall not be released without your prior written consent. Please submit a written notice to your child’s school Principal if you wish to deny access to this information.

HEALTH SCREENING AND EVALUATION SERVICES (H&SC §124085): Within 90 days after your child’s entrance into first grade, you must provide a certificate documenting that within the prior 18 months your child has received appropriate health screening and evaluation services, including a physical examination. These services are available from the Orange County Public Health Department. In lieu of the certificate, you may submit a signed waiver indicating that you do not want or are unable to obtain the health screening and evaluation services for your child. If the waiver indicates that you were unable to obtain the services, then the reasons why should be included in the waiver.

REFUSAL TO CONSENT TO PHYSICAL EXAMINATION (EC §§49451, 48980): You may file an annual written statement with the Principal of your child’s school, stating that you will not consent to a physical examination of your child. However, whenever there is good reason to believe that the child is suffering from a recognized contagious or infectious disease, the child shall be sent home and shall not be permitted to return until school authorities are satisfied that any contagious or infectious disease does not exist.

IMMUNIZATIONS The school is required to have medical documentation of each student’s immunizations upon enrollment. Immunization requirements must be met prior to school entry. Under a new law, SB 277, exemptions based on personal beliefs, including religious
beliefs, will no longer be an option for the vaccines that are currently required. Personal beliefs exemptions on file for a child already attending child care or school will remain valid until the child reaches the next immunization checkpoint at kindergarten (including transitional kindergarten) or 7th grade. Please let the school know when your child’s immunizations are updated. Should an update be needed, a note will be sent home.

Students must be fever-free, without medication, for 24 hours before returning to school. Please inform the school nurse when your student has a contagious illness.

**CURRENT HEALTH AND CONTACT INFORMATION IS VITAL.** Up-to-date health information, phone and cell numbers are essential in case your student becomes ill or injured at school or if there is a disaster. We strive to maintain confidentiality of all health records. Health information may be shared with appropriate staff as necessary.

**A SCHOOL EMERGENCY 911 call may incur paramedic and ambulance fees to the family.** You may wish to consider accident and health insurance.

**HEALTH SCREENING** is a function of the school nurse and is provided according to State requirements and when students are referred to the nurse. Dental, nutrition, height and weight screening may also be done. The parent/guardian will be notified if areas of concern are found. **THE SCHOOL DISTRICT PARTICIPATES IN THE CALIFORNIA MEDI-CAL PROGRAM FOR LOCAL EDUCATION AGENCIES.** This allows reimbursement to the district with federal Medicaid funds for selected medically necessary services provided to eligible students at school. In accordance with the local educational agency rules and guidelines, eligible student health data may be forwarded to the school district’s billing agency, in accordance with confidentiality laws and Health Insurance Portability and Accountability Act (HIPAA) compliance. Services currently provided to all students will not be changed by this program. Students will not be denied services they require to attend school, and parents will not be billed for services by the school district.

With your consent, the school nurse may communicate with your child’s physician and may counsel with school personnel regarding the possible effects of the drug on your child’s physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose. LANGUAGE PROGRAMS (EC §310) NMUSD is required to provide a Structured English Immersion (SEI) program option for English Learner Students. This is a language acquisition program for English learners in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for pupils who are learning English. At minimum, students are offered ELD and access to grade level academic subject matter content.

Newport-Mesa also offers two Dual-Language Immersion (DLI) Programs: Mandarin Dual-Immersion at College Park Elementary School and Spanish Dual-Immersion at Whittier Elementary School. The 2019-20 dual-immersion programs are offered to students in grades K through 4. Grade will be added in 2020-21 and grade 6 will be added in 2021-22.

A dual-language immersion program is a language acquisition program that provides language learning and academic instruction for native speakers of English and native speakers of another language, with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding.

Requesting a Language Acquisition Program: Language acquisition programs are educational programs designed to ensure English acquisition occurs as rapidly and effectively as possible, and provides instruction to English learners based on the state-adopted academic content standards, including English language development (ELD) standards.

Parents/Guardians may choose a language acquisition program that best suits their child. Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible.

Parents may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. If interested in a different program from those listed above, please contact the Coordinator of English Learner Programs at 714-424-7582 to ask about the process.

Parents of English learners have a right to decline or opt their children out of the school district’s language acquisition program or opt out of particular English learner service(s) within a language acquisition program. However, districts remain obligated to provide the student meaningful instruction until the student is reclassified, inform the parent when progress is not made, and offer the parent programs and services to consider at that time.
ATTACHMENT #1: CIVILITY POLICY AND ADMINISTRATIVE REGULATION

Board Policy 1310: Community Relations

It is the intent of the Board of Education to provide an orderly and safe learning environment in which students and adults feel comfortable, share the responsibility for maintaining a positive school climate, and take pride in their school, its achievements, and its environment.

This policy promotes mutual respect, civility, and orderly conduct among members of the school community including all employees, parents/guardians, students, and the public at all schools, district facilities, and at athletic and extracurricular events. This policy is not intended to deprive any person of his/her right to freedom of expression that is protected from governmental restriction on school grounds and district facilities/activities. Uncivil conduct does not include the expression of controversial or differing viewpoints.

The basic purpose of this policy is three-fold:

1. To promote a work and learning environment that is safe, productive, and nurturing for all staff and students, and to encourage the free flow of ideas without fear or intimidation
2. To provide our students with appropriate models for respectful problem-solving and conflict resolution
3. To reduce the potential triggers for violent conduct, such as fear, anger, frustration, and alienation, especially by making problem-solving procedures and alternatives to violence readily accessible to both students and adults

For purposes of this policy, uncivil conduct includes the following:

1. Directing vulgar, obscene, threatening, or profane gestures or verbal and/or written communications at another person.
2. Taunting, jeering, inciting others to taunt or jeer at a person.
3. Yelling at another person during a meeting or conference.
4. Repeatedly interrupting another person who is speaking at an appropriate time and place.
5. Imposing personal demands at times or in settings where they conflict with another's assigned duties, supervision responsibilities, and established practices.
6. Using racial/ethnic, religious, religion, gender, color, sexual, sexuality, or disability epithets.
7. Gesturing in a manner that would put a reasonable person in fear for his/her personal safety.
8. Invading the personal space of a person after being directed to move away.
9. Physically blocking a person's entrance to or exit from a room or location.
10. Remaining in a classroom or school area after a teacher or administrator in authority has directed one to leave.
11. Conduct which is likely to interfere with the peaceful conduct of the activities of the campus or facility.

Persons who perceive they have been subjected to uncivil conduct will be urged to resolve their concerns through simple, direct, or assisted communication with the person(s) at the source of the concern. When this is not possible or appropriate, any person who needs help identifying and/or using appropriate problem-solving procedures may seek assistance from the school administrator. Persons are encouraged to work out issues of concern promptly, and preferably, no later than two days after an incident has occurred. No retaliation will be permitted against persons for working in good faith under this policy and its related administrative regulation to resolve concerns.
This policy seeks to promote a school and workplace culture of respect and civility. Severe or persistent acts of uncivil conduct may, however, violate other school rules, such as the district’s policies against harassment and sexual harassment or specific conduct codes. Violation of such policies may result in discipline, removal from district facilities and events, adverse employment action, or criminal charges as applicable. Nothing in this policy is intended to interfere with the ability of school officials to maintain order and discipline in the schools or to enforce school rules and applicable laws.

Administrative Regulation 1310: Community Relations

It is the intent of this administrative regulation to provide orderly educational and administrative guidelines to ensure that schools, administrative offices, facilities, and activities are free from uncivil conduct as specified in BP 1310 and that unauthorized persons are prevented from entering school/district grounds, facilities, and/or activities. Members of the district community (defined as all employees, parents, students, and the public, hereinafter collectively referred to as “school community”) will treat one another with civility and expect the same in return. The district encourages positive communication and discourages conduct likely to interfere with peaceful conduct of the school, facility, or activity. The district seeks public cooperation with this endeavor.

The following are recommended guidelines to minimize disruptions on school/district facilities and activities. It is the responsibility of all school community members to conduct themselves and communicate with others in an appropriate manner. In the event a person becomes disruptive, threatening, or verbally/physically abusive to any other member of the school community, corrective steps will be applied to restore a safe environment.

In addition to this administrative regulation, student behavior is separately addressed by district policies, the Education Code, the Penal Code, and the Discipline Policy/Student Behavior Codes at each school. Employer/employee conduct is also covered by the district Board policies governing harassment, sexual harassment, and applicable state and federal laws.

g. Any parent/guardian or other person does not comply with the direction from the administrator or designee of the expected conduct, shall be notified in writing that their presence on the school campus/district facility is disruptive. The written notification will provide that if such parent/guardian or other person willfully and knowingly re-enters upon the school campus/district facility within seven days after being directed to leave, that he/she may be charged with a violation of Penal Code 626.7, and be subject to all the penalties contained therein. ATTACHMENT #3: NOTIFICATION OF RIGHTS FOR ELEMENTARY AND SECONDARY STUDENTS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records maintained by the school. These rights transfer to the eligible student when he/she reaches the age of 18 or attends a school beyond the high school level.

   Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

2. The right to request that a school correct the student's education records that the parent or eligible student believes are inaccurate or misleading.

   Parents or eligible students who wish to ask the School to correct a record should write the School principal [or appropriate school official], clearly identify the part of the record they want corrected, and specify why it should be corrected. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing. After the hearing, if the school still decides not to amend the records, the parent or eligible student has the right to place a statement with the records setting forth his/her view about the contested information.

3. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education records. However, FERPA permits schools to disclose those records, without consent, to the following parties or under the following conditions:
   - School officials with legitimate education interest;
   - Other schools to which a student is transferring;
   - Specified officials for audit or evaluation purposes;
   - Appropriate parties in connection with financial aid to a student;
   - Organizations conducting certain studies for or on behalf of the school;
   - Accrediting organizations;
   - To comply with a judicial order or lawfully issued subpoena;
   - Appropriate officials in cases of health and safety emergencies; and
   - State and local authorities, within a juvenile justice system, pursuant to specific State law.

   A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.
Schools may disclose, without consent, “directory” information such as a student’s name, address, telephone number, date of birth, email address, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public private school attended by the student. However, schools must inform parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. School official must notify parents and eligible students annually of their rights under FERPA. The actual means of notification is left to the discretion of each school.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

   Family Policy Compliance Office

ATTACHMENT #4: TYPE 2 DIABETES

Type 2 Diabetes Information
Pursuant to California Education Code Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010.

The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children’s Hospital of Orange County. Also see available translations of this information.

Description
Type 2 diabetes is the most common form of diabetes in adults.
Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.
According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.
Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.
The body turns the carbohydrates in food into glucose, the basic fuel for the body’s cells.
The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
In type 2 diabetes, the body’s cells resist the effects of insulin, and blood glucose levels rise.
Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.
Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes
It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors
Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

Being overweight. The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.

Family history of diabetes. Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity. Being inactive further reduces the body’s ability to respond to insulin.

Specific racial/ethnic groups. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.

Puberty. Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes
Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments
Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.

Get more physical activity. Increase physical activity to at least 60 minutes every day.

Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available
Glycated hemoglobin (A1C) test. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

Random (non-fasting) blood sugar test. A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test. A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.

Oral glucose tolerance test. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.
ATTACHMENT #5: PESTICIDES

Dear Parent or Guardian: 2019 - 2020 School Year

The Healthy Schools Act of 2000 was signed into law in September 2000 and requires that all schools provide parents or guardians of students with annual written notification of expected pesticide use on school sites. The notification will identify the active ingredient or ingredients in each pesticide product and will include the Internet address (http://www.cdpr.ca.gov) for further information on pesticides and their alternatives. The annual notification for the 2019 - 2020 school year is attached.

Parents or guardians may request prior notification of individual pesticide applications at the school site. Beginning September, 2019, people listed on this registry will be notified at least 72 hours before pesticides are applied. If you would like to be notified every time we apply a pesticide at your student’s site, please register on the website at www.nmusd.us/pesticidenotification. If you do not have internet access and you wish to register, please go to your school site and they will register for you.

PLEASE NOTE: It is required at the beginning of each new school year that you sign up to receive notifications of pesticide applications for that year.

If you have any questions, please call (714) 424-7560.

Sincerely,

Lance Bidnick
Director - Maintenance & Operations

ATTACHMENT #7: KNOW YOUR EDUCATIONAL RIGHTS

Your Child has the Right to a Free Public Education
- All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students' parents or guardians.
  - In California:
    - All children have the right to a free public education.
    - All children ages 6 to 18 years must be enrolled in school.
    - All students and staff have the right to attend safe, secure, and peaceful schools.
    - All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
    - All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment
- When enrolling a child, schools must accept a variety of documents from the student’s parent or guardian to demonstrate proof of child’s age or residency.
  - You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information
- Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
  - Some schools collect and provide publicly basic student “directory information.” If they do, then each year, your child’s school district must provide parents/guardians with written notice of the school’s directory information policy, and let you know of your option to refuse release of your child’s information in the directory.

Family Safety Plans if You Are Detained or Deported
- You have the option to provide your child’s school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported. You have the option to complete a Caregiver’s Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint
- Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated, or bullied on the basis of his or her actual or perceived nationality, ethnicity, or immigration status.
ATTACHMENT #8: SEXUAL HARASSMENT NOTICE

The Newport-Mesa Unified School District Board of Education is committed to maintaining a safe school and working environment that is free from harassment and discrimination. The Board prohibits sexual harassment of students, employees and others at school or at school-sponsored or school-related activities. Board Policies (BP) and Administrative Regulations (AR) 5145.7 (Students) and 4119.11, 4219.11, 4319.11 (Personnel) - Sexual Harassment define sexual harassment to include, but is not limited to:

Unwelcome sexual advances, unwanted requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature made against another person of the same or opposite sex in the educational setting, under any of the following conditions:

(1) Submission to such conduct is explicitly or implicitly a term or condition of a student’s academic status or progress or an employee’s term or condition of employment;

(2) Submission to, or rejection of, such conduct by the individual is used as the basis for an academic or employment decision affecting that person;

(3) The conduct has the purpose or effect of having a negative impact on the student’s academic or work performance or has the effect of creating an intimidating, hostile, or offensive working or learning environment;

(4) Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the student or employee regarding benefits and services, honors, programs, or activities available at or through any District program or activity.

Any student who believes that he/she has been subjected to sexual harassment or who has witnessed sexual harassment on school grounds or at a school-sponsored or school-related activity is strongly encouraged to report the incident to his/her teacher, the principal, or any other available school employee. Any district employee or job applicant who feels that he/she has been sexually harassed or who has knowledge of an incident of sexual harassment by or against another employee, a job applicant or a student, shall immediately report the incident to his/her supervisor, the principal, district administrator or Superintendent.

All allegations of sexual harassment will be investigated in accordance with the law and District procedures outlined in Administrative Regulations (AR) 5145.7 (Students) and 4119.11, 4219.11, 4319.11 (Personnel) - Sexual Harassment and AR 1312.3 - Uniform Complaint Procedures.

Violations of this policy may be reported to a teacher, the principal, supervisor, or directly to the District’s Uniform Complaint Officer:

ATTACHMENT #9: NOTICE OF ALTERNATIVE SCHOOLS

California Education Code Section 58501

The following notice must be sent along with the Notification to Parents and Guardians required by EC § 48980. Further, a copy shall be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March in each year.

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

(a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.

(b) Recognize that the best learning takes place when the student learns because of his/her desire to learn.

(c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or part from a presentation by his/her teachers of choices of learning projects.

(d) Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.

(e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.
ATTACHMENT #10: UNIFORM COMPLAINT PROCEDURES NOTICE

The Newport-Mesa unified School District has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The Board encourages the early, informal resolution of complaints whenever possible and appropriate. Board Policy (BP) 1312.3 - Uniform Complaint Procedures (UCP) has been adopted to resolve complaints which cannot be resolved through the informal process. BP 1312.3 outlines how complaints alleging violation of state or federal laws governing educational programs, allegations of unlawful discrimination, harassment, intimidation, and bullying, the charging of unlawful pupil fees and the non-compliance of the Local Control and Accountability Plan (LCAP) are addressed.

The Newport-Mesa Unified School District is committed to providing equal opportunity for all individuals. District programs, activities, practices, and employment shall be free from discrimination, harassment, intimidation, and bullying based on race, color, ancestry, national origin, immigration status, ethnic group identification, age, religion, marital or parental status, pregnancy, physical or mental disability, sex, sexual orientation, gender, or gender identity or expression; the perception of one or more of such characteristics; or association with a person or a group with one or more of these actual or perceived characteristics.

The UCP shall be used when addressing complaints alleging failure to comply with state and/or federal laws in:

- Adult Education
- After School Education and Safety
- Career Technical Education
- Child Care and Development Programs including state preschool
- Consolidated Categorical Programs
- Discrimination, Harassment, Intimidation, and Bullying
- ESEA Titles I-VII
- Foster and Homeless Youth
- Local Control Funding Formula and Local Control Accountability Plans
- Migrant Education
- Nutrition Services - USDA Civil Rights
- Regional Occupational Centers and Programs
- School Facilities
- Special Education
- Tobacco-Use Prevention Education Program
- Unlawful Pupil Fees

Complaints alleging discrimination, harassment, intimidation, or bullying must be filed within six (6) months from the date the alleged discrimination, harassment, intimidation, or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying, unless the time for filing is extended by the superintendent or his or her designee. A pupil fees complaint shall be filed no later than one year from the date the alleged violation occurred.

Complaints, other than issues relating to pupil fees, must be filed in writing with the following designated Uniform Complaint Officer:

Leona Olson
Assistant Superintendent, Chief Human Resources Officer
Title IX Coordinator & Compliance Officer
714-424-5041
lolson@nmusd.us

A pupil fees and/or LCAP complaint may be filed anonymously if the complainant provides evidence or information leading to evidence to support the complaint. A pupil fees complaint may be filed with the school site principal.
If you have any additional questions regarding the process, please contact Human Resources at 714-424-5041.

A copy of BP 1312.3 - Uniform Complaint Procedures and the complaint forms are available at www.nmusd.us or at any school site free of charge.

Investigation of Complaint: The compliance officer shall hold an investigative meeting within five (5) days of receipt of the complaint or within five (5) days of an unsuccessful mediation in which the impartial compliance officer collects information from each party and from witnesses identified by the parties separately in private interviews and then analyzes it to reach a determination. To ensure that all pertinent facts are made available, the compliance officer and the complainant may ask other individuals to attend this meeting and provide additional information.

Written Decision: Within sixty (60) days of receiving the complaint, the compliance officer shall prepare and send to the complainant a written report of the District’s investigation and decision.

Appeals to the California Department of Education: If the complainant is dissatisfied with the District decision may appeal in writing to the California Department of Education within fifteen (15) days of receiving the District’s decision. When appealing to the California Department of Education, the complainant must specify the reason(s) for appealing the district’s decision and must include copies of the complaint and the District’s decision. In addition, the complainant has the right to contact the Office of Civil Rights or the Equal Employment Opportunity Commission to file a claim.

A complainant may pursue available civil law remedies outside of the District’s complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For discrimination complaints, however, a complainant must wait until 60 days have elapsed from the filing of an appeal with the California Department of Education before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the District has appropriately, and in a timely manner, apprised the complainant of his/her rights to file a complaint in accordance with 5 CCR 4622. (EC Section 262.3)

Copies of the District’s full Uniform Complaint procedures are available at the District’s Human Resources Office and at each school site. Complaints alleging non-compliance or alleging unlawful discrimination should be directed to the school principal and/or the Assistant Superintendent, Human Resources:
