**COURSE DESCRIPTION** *(catalog summary)*: Students in the IB film courses will develop their own voice and vision through the medium of film. This course provides more advanced filmmaking techniques including a study of traditions from more than one country. Students will study the impact that films from other countries have had on American filmmaking and traditions. Students will do in-depth study on documentary filmmaking. They will view and analyze various documentaries for purpose, impact and production style. Students will be further instructed on camera operation, composition, scriptwriting, storyboarding, editing, and evaluation of films. Film analysis will include further instruction on story elements, design, location, lighting technique, special effects, camera angles, and scene composition. Students will practice film critiques on various film topics. This will culminate in an oral commentary on a specified film utilizing all aspects of film analysis. Students will apply their knowledge by writing their own documentary film script. Students will utilize their cumulative knowledge of film history, theory and production to create their own 7-minute film with trailer.

**GOALS** *(expected performance outcomes for students)*: The IB film course at SL and HL aims to develop in students the skills necessary to achieve creative and critical independence in their knowledge, experience and enjoyment of film. The aim is to promote:

1. An appreciation and understanding of film as a complex art form
2. An ability to formulate stories and ideas in film terms
3. Practical and technical skills of production
4. Critical evaluation of film productions by the student and by others
5. Knowledge of film-making traditions in more than one country.

**CALIFORNIA CONTENT STANDARDS** *(how the course aligns with California and/or national curriculum standards)*:

Visual and Performing Arts Standards for 9-12 Grade Proficiency 1.1-1.5; 2.3, 2.5, 2.6; 3.1, 3.2, 3.3, 3.4; 4.1-4.5; 5.2, 5.4

Processing, Analyzing, and Responding to Sensory Information through the Language and Skills Unique to the Visual Arts

Students perceive and respond to works of art, objects in nature, events, and the environment. They also use the vocabulary of the visual arts to express their observations.

**Develop Perceptual Skills and Visual Arts Vocabulary:**
1.1 Identify and use the principles of design to discuss, analyze, and write about visual aspects in the environment and in works of art, including their own.
1.2 Describe the principles of design as used in works of art, focusing on dominance and subordination.

**Analyze Art Elements and Principles of Design:**
1.3 Research and analyze the work of an artist and write about the artist’s distinctive style and its contribution to the meaning of the work.
1.4 Analyze and describe how the composition of a work of art is affected by the use of a particular principle of design.

**Impact of Media Choice:**
1.5 Analyze the material used by a given artist and describe how its use influences the meaning of the work.

**2.0 CREATIVE EXPRESSION**  
Creating, Performing, and Participating in the Visual Arts

Students apply artistic processes and skills, using a variety of media to communicate meaning and intent in original works of art.

**Skills, Processes, Materials, and Tools:**
2.3 Develop and refine skill in the manipulation of digital imagery (either still or video).
2.5 Create an expressive composition, focusing on dominance and subordination.
2.6 Create a two or three-dimensional work of art that addresses a social issue.

**3.0 HISTORICAL AND CULTURAL CONTEXT**  
Understanding the Historical Contributions and Cultural Dimensions of the Visual Arts

Students analyze the role and development of the visual arts in past and present cultures throughout the world, noting human diversity as it relates to the visual arts and artists.

**Role and Development of the Visual Arts:**
3.1 Identify similarities and differences in the purposes of art created in selected cultures.
3.2 Identify and describe the role and influence of new technologies on contemporary works of art.

**Diversity of the Visual Arts:**
3.3 Identify and describe trends in the visual arts and discuss how the issues of time, place, and cultural influence are reflected in selected works of art.
3.4 Discuss the purposes of art in selected contemporary cultures.

4.0 AESTHETIC VALUING
Responding to, Analyzing, and Making Judgments about Works in the Visual Arts

Students analyze, assess, and derive meaning from works of art, including their own, according to the elements of art, the principles of design, and aesthetic qualities.

**Derive Meaning:**
4.1 Articulate how personal beliefs, cultural traditions, and current social, economic, and political contexts influence the interpretation of the meaning or message in a work of art.
4.2 Compare the ways in which the meaning of a specific work of art has been affected over time because of changes in interpretation and context.

**Make Informed Judgments:**
4.3 Formulate and support a position regarding the aesthetic value of a specific work of art and change or defend that position after considering the views of others.
4.4 Articulate the process and rationale for refining and reworking one of their own works of art.
4.5 Employ the conventions of art criticism in writing and speaking about works of art.

5.0 CONNECTIONS, RELATIONSHIPS, APPLICATIONS
Connecting and Applying What Is Learned in the Visual Arts to Other Art Forms and Subject Areas and to Careers

Students apply what they learn in the visual arts across subject areas. They develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. They also learn about careers in and related to the visual arts.

**Connections and Applications:**
5.2 Create a work of art that communicates a cross-cultural or universal theme taken from literature or history.

**Careers and Career-Related Skills:**
5.4 Demonstrate an understanding of the various skills of an artist, art critic, art historian, art collector, art gallery owner, and philosopher of art (aesthetician).
**EVALUATION (how the effectiveness of the course will be monitored and assessed):** As a part of the IB diploma and certificate program the class will follow the assessments laid out by the IB program. This will consist of assignments and assessments that prepare students for their final portfolios. The final requirements of the IB film class are as follows:

**SL (standard level):**

- Rationale, script and annotated list of sources for a documentary production of 8–10 pages
- An oral presentation of a detailed textual analysis of an extract from a prescribed film of up to a maximum of 10 minutes
- One completed film project of 4–5 minutes including titles
- Rationale of no more than 100 words
- Written commentary of no more than 1,200 words
