RE:

REQUESTING INFORMATION ABOUT THE FOLLOWING SUBJECT MATTER:

Payment performance bond:
Is payment performance bond to be included in total?

Pre-qualified roofing contractors:
Does the school have a list of pre-qualified roofing contractors available for us to choose?

REPLY: P&P Bonding is required if you are planning on charging the District for your bonding it must be part of your bid cost. We do not have a pre-qualified Roofing contractors list, it is up to the contractor bidding on the project to solicit bids from roofing sun-contractors that and perform the work required per the bid specifications.
