Estancia Theater Expenditure Report
Minutes of May 11, 2020 – Unadopted
Minutes of September 14, 2020 - Unadopted

WELCOME AND INTRODUCTION
Committee Chair, Mr. Julio Zunzunegui, opened the meeting at 6:03 pm.

ADOPTION OF THE AGENDA
Agenda for the December 7, 2020 meeting was amended and adopted. Appointment of 2021 Chairman was moved to follow the adoption of the minutes.
ADOPTION OF THE MINUTES
Minutes from May 11, 2020 meeting were adopted.
Minutes from the September 14, 2020 meeting were amended and adopted.

APPOINTMENT OF CHAIRMAN
Mr. Julio Zunzunegui was appointed Chairman for the 2021 calendar year.

FISCAL REPORT
Mr. Trader reported on financial activity on the Estancia Theater project since the September 14th meeting.

Ms. Gauntlett asked that more detail be recorded in the description of the invoice items for better clarification. Ms. Zareczny explained the various scopes of works for Pfeiffer. Ms. Zareczny said that staff would work to delineate the different scopes on the expenditure report for each invoice.

Mr. Trader explained that the expenditure report is based on all project expenditures, not only the Measure F funding. Mr. Holcomb pointed out that going forward we can make it more clear which funds are being used by Measure F and which funds are coming from the District. Ms. Zareczny reiterated that in the past the District has used multiple funding sources for projects (i.e., the Robins Loats project had combinations of District and State funding).

Mr. Rutledge asked that the DSA process be explained and Ms. Zareczny elaborated on the process and the DSA fee structure. She reported that the Theater project has been submitted for DSA review.

Mr. Zunzunegui asked how many people are involved in the approval process for change/orders, expenses. Ms. Zareczny explained change orders outside of the original contract are all Board approved. She added that all payment sign-offs are approved by the Construction Manager, the district Project Manager, Ms. Zareczny, and are ultimately sent to our fiscal department for payment.

PROJECT REPORT
Ms. Zareczny reported on the status of the Estancia Theater project as follows:

There was a community meeting held on December 3rd, to update the public on the project. The Board previously approved the Schematic and Design phase, which allowed the team to move into the Design/Development and Construction Document phases. The Construction Documents are now going through DSA review and approval.

Before we could enter the DSA approval phase, the Fire Department reviewed and approved the project and stamped the drawings. In addition, it is also a requirement that we complete geotechnical reports to substantiate our design, defining the geotechnical
conditions of the project. We prepared that report and submitted it to California Geological Services (CGS). These reports and approvals were included in our DSA submittal and are at DSA as of November 17, 2020.

The Facilities team is now preparing the project for the bidding and construction process. We will start the process of pre-qualifying contractors, and the Purchasing Director will be assisting with this.

We also will be reconciling our final estimates between the Architect’s estimator and the District’s estimator. The two estimators will prepare independent estimates based on the DSA submitted documents. We’ve also brought a third estimator in to perform a peer review of the two independent estimates.

Additionally, the District will perform a Constructability Review. This review entails hiring a contractor to review the DSA submitted drawings for any missing pieces or unclear items that would need to be corrected. This is done for all of our projects. We will be preparing a Request for Proposal (RFP) for a construction management company who will provide a Constructability Review. Other RFP’s will be prepared for consultants during construction for material testing & inspections, DSA inspectors, and commissioning of the building. You will be seeing these proposals going to the Board for approval closer to the end of the school year. We have been given permission to advertise bids, but we are required to get Board approval to award the bids.

Mr. Zunzunegui requested a list of milestones and timeline’s associated with the Theater progress at the next COC meeting.
